# SYSTEM-C

# SYSTEM-C

150cm D-End can be used as a free-standing table or to create a boardroom layout

Corner posts with integral stacking buffers minimise the possibility of stacking damage and incorporate a swivel clip to enable tables to be linked

90cm and 120cm D-End extension tables are supported by a single cantilever leg

# SYSTEM-C

System-C fulfils the conference managers' requirement for a superior folding table system and is equally at home in contemporary and traditional syndicate meeting rooms.

A selection of table top finishes, detailed in the brochure, are available and the frames can be finished in a choice of chrome plated mild steel, or a wide selection of epoxy powder coated colours.

## CAD SERVICE

We have a CAD layout service available to assist clients with their product selection and specification, helping to maximise banqueting or restaurant capacity. Further details upon request.

Leg configuration shown on 45cm wide table

Leg configuration shown on 60cm wide table

Leg configuration shown on 75cm wide table
